

Omni I
at home 

DIBH practice
beyond the clinic

TAKE-HOME RESPIRATORY COACHING SYSTEM

Supports **structured practice** of Deep Inspiration Breath Hold (**DIBH**) using **guided exercises** and **real-time feedback**.

What it does

- Guided DIBH practice sessions
- Integrated educational video content, courtesy of Respire project
- Hospital uploaded training content
- 3D camera-based tracking with visual feedback
- Clinical style display configuration

DESIGNED FOR CONSISTENCY

Familiar visual feedback aligned with clinical respiratory monitoring systems to support continuity between clinic, home, CT and treatment environments.

Integrated system

Works with Omni1 – Respiratory Coach to introduce, configure, and guide patient practice.

Practice. Rehearse. Prepare →  at home
